

## **THE QUEEN**

The Queen is the creative moniker of directors Daniel Lumb and Crinan Campbell.

Just as comfortable with filmic narratives and performances as they are with technical driven pieces, Dan and Crinan blend a rich photographic style with purposeful art direction and inventive technique.

After winning a host of international awards for their films they have been shooting all over the world back-to-back, for clients such as Sainsbury's, Universal Pictures, Virgin Media and Samsung, to name just a few.
